

WITCHAPHON SAENTHAWISUK

FULL STACK WEB DEVELOPER

📞 0990360528 ✉ disc1314@gmail.com 🌐 <https://github.com/disk007>

SUMMARY

Full Stack Web Developer with a strong foundation in both JavaScript (React, Node.js) and .NET ecosystems (ASP.NET Core). Experienced in designing and building scalable, responsive web applications and integrating RESTful APIs.

EDUCATION

Rajamangala University in Technology Isan | 2022-2025

Bachelor of Computer Engineering

WORK EXPERIENCE

Gofive Co., Ltd | 16 June 2025 – 3 October 2025

Full-Stack Developer Intern

- Collaborated with the development team to fix critical bugs and optimized UI components in the Empeo system.
 - Designed and developed internal projects
-

PROJECT EXPERIENCE

Intern Leaderboard

- Developed and designed a web-based Intern Leaderboard using Angular, ASP.NET Core, and SQL Server, integrating data from Jira
- The system allows users to search, filter, and visualize task data through graphs for clear performance analysis

Online Homework Submission System

- Developed an online homework submission platform using React.js, Tailwind CSS, Node.js and PostgreSQL
 - Implemented robust file management features (upload, update, delete) using Cloudinary , supporting multiple formats including DOCX, PDF, and various image files.
 - Implemented real-time notifications for assignment creation and homework submission using Socket.IO
-
